MentorMatch Guidelines and Resources

For the Mentee: Mentoring Goals

Chances are that you sought out a mentor through OLA's MentorMatch because you are starting down a new professional path as a student, a new library employee, or because you are changing direction mid-career. It is valuable to set goals that you want to achieve through the mentoring relationship. Use this form to consider each goal. Share your goals with your mentor and take this opportunity to seek guidance and discuss your progress.

Thinking About Your Goals	
Goal:	
Benefits to You:	Benefits to Your Program / Organization / Community:
